

Congratulations to everyone who participated in the adjudication festival. Complete results can be seen at www.mtva.org I have pasted in the 41 choirs that qualify for the State Choral festival, and have also included an application. With record participation has come record qualifications for the State event. I need to know by the end of the week if you plan to participate in that festival. There is the potential of not being able to fit everyone in that one day scheduled in Nashville (Thursday, April 28). These are the kinds of "problems" we can be grateful to have. I have discussed it with the festival committee, and we have a contingency plan for a separate set of judges for the Elementary/MS choirs if this becomes necessary. The East and West festivals do not include this age group with their HS festival, so that way all of the HS choirs would be judged by the same panel of adjudicators. However, knowing what to expect is critical. Scheduling priority will be based on the order we receive your application. I look forward to seeing many of you again next month. Take care. RK.
